WASHING COMPOUND.

Patented Sept. 22, 1868.

REASONS FOR PREFERRING THIS SOAP.

The Patentee claims for this Soap the following advantages which are clearly set forth in the Letters Patent, to-wit:
First, it can be manufactured at less than half the cost of any soap ever produced.
Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft.
Thirdly, it so modifies the action of boiling water on woollen goods that their fibres do not contract under its influence, and your woollen garment is as large after boiling as before.
Fourth, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.
Fifth the goods do not require any rubbing or patent washing machine—all that is necessary is a few minutes boiling and a good rinsing.

ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 8, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 8th day of April, 1869, at the Court House, in this City wherein the qualified voters of the City shall express their approval or disapproval of the question, whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.
WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purposes of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorised and empowered to issue bonds severally of such sums or denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for these special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the amount to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section, until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a slip folded containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioner authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made, under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

Ratified this 3d day of March, A. D. 1869.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, APRIL 5, 1869.

CHIEF JUSTICE PEARSON TO GOVERNOR HOLDEN.

"I am sorry, Governor, that the Court has ordered one of your officers to jail for contempt."

Governor Holden: "Court or no Court, Chief Justice or no Chief Justice, d——n me, Sir, if my officers go to jail until you go over the dead bodies of my militia."

Governor Holden as he is hurrying to the mob on Market Square, followed by a posse, meets a Minister of the Gospel, and without the least provocation raises a big black stick, and cries out with the voice of a white-livered coward, "Who are you, Sir?"

CASWELL COURT.

Last week we were at Caswell Court for the purpose of extending the circulation of the *Sentinel*. Our efforts were crowned with success. Our friends promised us an increased list as soon as the planters should dispose of the crop of tobacco now on hand. We wish them high prices and a speedy sale.

Tourgee, the Judge, and the negroes seemed to create all the excitement. On Monday we met many people who had been to town and reported no Judge, and, consequently, no Court. We reached Yanceyville late in the evening, the Judge had arrived and put up with Senator Stephens, who was once a citizen of Rockingham, and who, the Milton *Chronicle* says, was, in that county, indicted for taking, we won't say stealing, chickens. Here's a case for Menninger's ipecac.

We heard members of the bar say they would not call at Stephen's to see the Judge. We argued with them that it was all wrong, that they should call, for Tourgee at Stephen's was no worse than Tourgee at Mitchell's; in fact, we thought he had put up at the right place; besides their call was not on Stephens but on the Judge.

The negroes turned out in great force, with banners flying, drums beating and fife screaming. They came to celebrate a victory over the white folks. Coleman, the Attorney General, under the advisement of Holden, attempted to oust the Commissioners of Caswell, as he did the Commissioners of Orange.

The Sheriff too was to be ousted and a Radical Sheriff was to be installed in his stead. Sheriff Griffith is the man whom Tourgee and the loyal student caused to be arrested and taken to Charleston. The negroes were not so shy and bashful as the bar, about calling on the Judge at Stephens', for they called in black clouds; we could see them drilling on the hills near the house of Senator Stephens. We saw only one white man with his League badge and regalia on. He was drunk, staggering through the street. He was the only man we ever saw of whom we thought better because he was drunk. The company he was in degraded him, and he wished to hide his sense of shame by drunkenness. So many people were seldom seen at Caswell Court. We spoke for an hour or more to the sovereigns and negroes who are now of the sovereigns themselves.

If some other Judge had been holding Court, we should have told the people about Tourgee and his Philadelphia speech, in which he said by way of inciting the North against us, that a Quaker told him that he saw 13 negroes drawn up out of one mill pond where they had been thrown by rebels.

We did not tell what we knew of the Judge, for we wished to give him no reason to complain that while he was holding Court, a member of the bar was saying harsh things of the Judge to the people—in sight of the Court House.

When the Judge last rode his circuit he was canvassing and fighting with Windy Billy Henderson, for a seat in Congress.—Then we did not hesitate to tell the people what we thought of him, and of a Judge who would ride his circuit, and while doing so, fight and wrangle with the vulgar for a seat in Congress.

The case of the Attorney General Coleman against the Commissioners, we learn, was dismissed. So the negroes had no triumph, and Coleman and Holden were non-suited, as they were in Orange, and might have been in all the counties, if the people retained a spark of their former manhood.

In many counties Coleman, urged by Holden, served notice on the Commissioners elected by the people, that they were usurpers of office, and, rather than come to a trial, they vacated without a contest. The Commissioners of Orange, and Caswell, we are glad to say, were not frightened out of their wits or places, and even Judge Tourgee decided in their favor.

THE Superior Court of Wake is now in session, his honor, Judge Watts, presiding. We notice among the gentlemen from a distance who are in attendance, the Hon. William A. Graham, possibly the best specimen of the genuine statesman now living in the South. †

SAD END OF THE UNIVERSITY OF SOUTH CAROLINA.—Radicalism, says the Edgfield *Advertiser*, has completely killed the University bill, which has lately become a law, provides that there shall be no distinction in this institution on account of color. And among the trustees lately elected are two negroes—Cardona and Boseman. Of course this puts the finishing stroke to the whole concern; for certainly the young men of South Carolina will not sit in classes with negroes. This is a wise and politic legislation with a vengeance!

EDITORIAL NOTES AND GLEANINGS.

1. James Parton who wrote a life of Andrew Jackson and who is an author of considerable vigor, contributes sometimes very readable articles for the monthlies. In the *Atlantic Monthly* for March he has an agreeable paper on "Popularizing Art."—Amongst other things he tells us how lithography was discovered. It is extremely curious and adds to the instances of accidental discoveries. Newton was led to the discovery of the laws of gravitation by the falling of an apple to the ground, as every school boy knows; and Daguerre caught the principles which enter into that exquisite art that takes its name from him, by the phenomena he met with in the catacombs of Paris. So the lithographic art owes its discovery to a cause more remarkable than those mentioned. It is worthy of mention, that these discoveries are the result of acute minds observing strange sights and combinations. Thousands of phenomena are occurring in the centuries that pass away, and because no philosophic and inductive minds have observed them, no principles have been evolved, and no pleasure or profit to mankind secured. But to Mr. Parton's account of the discovery of lithography. He says:

"The impatience of a German washerwoman led to the invention of lithography. The history of that elegant art begins with a homely domestic scene, which occurred at Munich about the year 1793, and in which three characters figured—Madame Senefelder, the poor widow of an excellent actor, then recently deceased; her son, Alois Senefelder, aged twenty two, a young man of an inventive turn; and the impatient washerwoman just mentioned. The washwoman had called at the home of this widow for the weekly 'wash;' but the 'list' was not ready, and the widow asked her son to take it. He looked about the room for a piece of paper upon which to write it, without being able to find the least fragment, and he noticed also that his ink was dry. Washerwomen are not apt to be overawed by such customers, and this one certainly did not conceal her impatience while the fruitless search was proceeding. The young man had in the apartment a smooth, soft, cream colored stone, such as lithographers now use. He had also a mass of paste made of lampblack, wax, soap and water. In the hurry of the moment he dashed upon the soft, smooth stone the short list of garments, using for the purpose this awkward lump of oily paste. The washerwoman went off with her small bundle of clothes, peace was restored to the family, and the writing on the stone remained."

"After this Senefelder poured aqua fortis over the limestone on which this record had been written, when he found that the stone was partly eaten away, leaving the letters standing above the surrounding parts, like in books, now used for the blind. To this simple circumstance we owe one of the most beautiful of all arts.

2 John Bright is no doubt the greatest of living English orators, and it may not be extravagant to say, the greatest of *all* living orators. The January number of the *Westminster Review* contains an eloquent and discriminative article on this great man. We may recur to this article hereafter. At present, we wish to quote a passage from him that is well worthy of our attention and admiration. The opinion or experience of so consummate a master of human eloquence certainly merits the consideration of every intelligent man. His power is felt not only throughout Great Britain, but throughout Christendom. His thoughts are quietly and continually moulding the thoughts of other minds. He has told us the secrets of his extraordinary power and 'in words which will accord perfectly with the feelings every one has experienced while reading, or hearing any of his addresses." He says:

"More than thirty years ago, when I was very young indeed, in my beginning to think about public affairs, in reading the prose writings of John Milton, I found a passage which fixed itself in my mind, and which time has never been able to remove. Milton says: 'Yet true eloquence I find to be none but the serious and hearty love of truth.' And I have endeavored, so far as I have had the opportunity of speaking in public, to abide by that opinion. So far as I am able to examine during the thirty years I have been permitted to speak at meetings of my countrymen, I am not conscious that I have ever used an argument which I did not believe to be sound, or have stated anything as a fact which I did not believe to be true." †

MILTON CHRONICLE.

We had the pleasure of meeting our old friend Charles Napoleon Buonaparte Evans, of Milton, at Caswell Court. He rode a fine fat steed that champed the bit. To see an Editor so handsomely mounted made us quite ashamed of our poor little stallion, which answered exactly to the description given by a distinguished gentleman of Granville of a certain neighbor's horse. We hope our friend, if he is lean, may long live to mount fat horses.

By the by, Evans is like the first Napoleon in more than name. His great namesake was said to be an awkward rider but a fearless one. Evans would not, by Rarey, be reckoned a graceful rider.

When we saw our old friend, James Turner Morehead, with his guns and dogs, and driving a fine large stallion, as fat as Evans' horse, we began to explain that our horse did not belong to us, but to Squire Murdock, the Mayor of Hillsboro.

Hugh McAdams, of Alamance, as we drove out of Yanceyville, left his wagon with the boy, and took a seat in our buggy. He got out at the bridge over county line, and putting himself under Mayor Murdock's little horse, proposed to tote him up the steep hill, if we would detach the buggy from the horse.

We have heard of carpet-baggers, scallawags, and bucket-toters, but it was the first time we had fallen in with a horse-toter.

Large meetings have been held in Dublin and Belfast, at which petitions to the Queen against the disestablishment of the Irish Church were adopted.

Legislature of North Carolina.

SENATE.

MONDAY, April 5, 1869.

Mr. Barrow introduced a bill to incorporate the Halifax Co-operative Business Co. Read several times and passed.

Mr. Graham introduced a bill to repeal act suspending the Code of Civil Procedure. Referred to the Judiciary Committee.

Bill to facilitate the transfer of business from the military to the civil authorities, passed 3d time.

Resolution in relation to the Piedmont Railroad, read third time, and tabled.

Resolution in relation to the annexation of Nansemond, Norfolk and Princess Ann counties, Va., to North Carolina, read 3d time, and indefinitely postponed.

Act providing for the erection of a State Penitentiary, being read by sections,

Mr. Moore, of Carteret, moved to strike out Salisbury, and insert Raleigh, N. C., in sec. 1.

Mr. Robbins advocated the retention of Salisbury in the section, and defended Salisbury against the charge of being unhealthy—and presented its advantages, on the score of economy, over Raleigh.

Mr. Shoffner moved to amend by inserting Company Shops—and presented the advantages of that locality.

Mr Lindsay said he would call the attention of Senators to the prediction, that Raleigh would be the place, and all this consumption of time would amount to nothing—and proceeded to advocate the location at Raleigh, presenting the reasons which influenced him to take the position which he occupied.

Mr. Jones, of Wake, succeeded Mr. Lindsay, and addressed the Senate in advocacy of the location at Raleigh.

Mr. Robbins assured the Senate that the proposition from Salisbury would be made good; there need be no apprehensions on this score. He believed other places that have made propositions, would, also, make good their offers.

Mr. Osborne warmly advocated the location at Salisbury, in a speech of considerable length.

Mr. Respass believed the people of North Carolina expected the Penitentiary to be located at Raleigh, and, therefore, advocated its location here.

Mr. W. D. Jones presented a memorial from a Committee appointed by the citizens of Raleigh, asking the location of the Penitentiary at or near Raleigh, which was read.

Mr. A. J. Jones thought it an unfortunate provision in the Constitution demanding the erection of a Penitentiary. He was opposed to such an institution, and thought it better to erect a gallows at every cross roads and hang villians. The Penitentiary, however, must be built, and he favored the striking out of Salisbury, and was of the opinion that the original location, though not of his choice, could not be ignored, and the bonds issued for that purpose, were as good as any other State bonds, unless repudiated by the State, and he urged that the contract already entered into should be complied with. If he had been in the Legislature, at a former period, he would have advocated Raleigh.

Mr. Love protested against striking out, if Senators had in view the insertion of Lockville.

The question being on striking out, resulted, yeas 22, nays 17.

The question now recurring on the proposition to insert Raleigh,

Mr. Osborne introduced a resolution, providing that the friends of the different localities be allowed to nominate, and the vote proceeded with, until a selection is made.

The President ruled, that the motion before the Senate, being to fill the blank with Raleigh, the vote must first be taken on the motion.

It being the sense of the Senate, the rule proposed by Mr. Osborne, was then announced by the President.

Mr. Robbins nominated Salisbury.

Mr Moore, of Carteret, named Raleigh.

Mr. Borrow, named Horton's Farm, near the Gulf, in the County of Chatham.

Mr. Shoffner nominated Company Shops.

Mr. Welker named Greensboro' and proceeded, in a forcible and earnest manner, to present the claims of Greensboro, and the reasons that influenced the Committee to recommend its location at Greensboro.

Mr. Davis advocated the location in the County of Chatham, as he conscientiously believed it would be to the interest of the State, in an economical point of view.

Mr. Cook put in nomination the town of Selma, and presented its claims, with an offer of a site of 10 acres, and 400 acres of well timbered land, to the State—he also presented a memorial, which was read.

A. H. Galloway was of the opinion, that unless the House had repealed the power by which the Lockville site was selected and purchased, the building would be compelled to go there—if location be changed—he would favor Raleigh.

Mr. Welker read a telegram from Greensboro, in which the citizens propose to give $15,000 in money and 30 acres of land.

Mr. Brogden defended the citizens of Raleigh; they would do everything they promised—and urged the claims of Raleigh—there was no humbug in the offer of the citizens, and the observation of the Senator warranted him in declaring that the granite was abundant, and the expenses of the State would be lessened by the location at this time.

The vote was taken as follows:

1st ballot—Salisbury 8; Raleigh 12; Horton's Farm 12; Selma 2; Greensboro' 5; Company Shops 1.

2nd ballot—Salisbury 3; Raleigh 14; Horton's Farm 15; Greensboro' 9; Company Shops 2.

3rd ballot—Salisbury 1; Raleigh 14; Horton's Farm 15; Greensboro' 11.

4th ballot—Raleigh 19; Horton's Farm 16; Greensboro' 6.

5th ballot—Raleigh 21; Horton's Farm 15; Greensboro' 5.

The President announced Raleigh as receiving a majority, the blank was accordingly filled with Raleigh.

Message received from the House, transmitting sundry bills and resolutions, for concurrence. Among them the school bill with amendments, which were ordered to be printed, bill and amendments, and made the special order for to-morrow.

Mr. Sweet introduced a bill to exempt, from taxation, property held for educational purposes.

The Senate then adjourned.

HOUSE OF REPRESENTATIVES.

MONDAY, April 5, 1869.

Prayer by the Rev. Mr. Shaver of the House.

Reading of the Journal dispensed with.

Mr. Barnett, from the Committee on Corporations, reported upon several bills which were placed upon the calendar.

Mr. Gilbert presented a petition from the citizens of McDowell county. Referred.

On motion of Mr. Jarvis, the rules were suspended and the bill to incorporate the Merchant's Bank of Wilmington, was taken up and after some little debate passed its several readings.

On motion of Mr. Barnett, the rules were suspended and the bill to charter the Bank of Cumberland at Fayetteville was taken up and passed its several readings by a vote of yeas 50, nays 29.

The bill then passed its third reading.

On motion of the same, the rules were suspended and the bill to charter the Bank of Greensboro', was taken up and passed its second reading by a vote of yeas 51, nays 23

The bill then passed its third reading.—

By Thos. A. Sykes, colored: A bill to incorporate the Elizabeth city and Norfolk R. R. Co. Referred.

Mr. Hinnant, from the Committee on Enrolment, reported several bills as being correctly enrolled.

Various messages were received from the Senate in relation to certain bills which were appropriately disposed of.

SPECIAL ORDER.

The bill to construct a Railroad from Wilmington to Plymouth.

The question recurred upon the motion to re-consider the vote by which the bill failed to pass its second reading.

Mr. Stilley took the floor and in remarks of some length, advocated the adoption of the motion.

Messrs. Justice of Rutherford, Malone, Downing, Laflin and others also supported the motion to reconsider.

J. W. Leary, colored, said he would support the bill if it was to be submitted to a vote of the people, but not otherwise.

Mr. Sinclair said he was in favor of submitting all these appropriations to the people. He wished the scheme that was to carry a Road through his own County also to be laid before the people.

After some further debate, the motion to re consider was put to a vote and adopted.

Mr. Wilkie moved to amend by inserting after the word "Jones" the words "mining within four miles of Trenton and thence in a direct line to Wilmington. Adopted.

The bill then passed its second reading by the following ballot:

AYES.—Messrs. Armstrong, Banner, Barnett, Bowman, Carson, Carey, Cawthorn, Cherry, Crawford, Davis, Dixon, Downing, Ellington, Farrow, Forkner, Foster, Gahagan, Gilbert, Graham, Gunter, Harris, of Franklin, Harris, of Wake, Hayes, Hilliard, Hodgin, Hudgings, Justus, of Henderson, Justice, of Rutherford, Kinney, Laflin, Malone, Mayo, McMillan, Moore, of Chowan, Morrill, Morris, Renfrow, Robbins, Reynolds, Sinclair, Smith, of Martin, Stilley, Sykes, Thompson, Vest, Waldrop, White, Wilkie, Williamson, Wilson, Wiswall.—50.

NAYS.—Messrs. Hawkins, Hinnant, Hodnett, Hoffman, Kelly, of Moore, Long, of Chatham, Mendenhall, Moore, of Alamance, Nicholson, Painter, Robinson, Seymour, Siegrist, Smith, of Alleghany, Smith, of Wayne, Vestal, Williams, of Harnett, Williams, of Sampson.—25.

The bill in relation to building a Railroad from Edenton to Suffolk was taken up and passed its second reading by the following ballot:

AYES.—Messrs. Armstrong, Barnett, Bowman, Carey, Cawthorn, Cherry, Davis, Dixon, Downing, Ellington, Farrow, Forkner, Foster, Gahagan, Gilbert, Gunter, Hilliard, Humphries, Hudgings, Justus, of Henderson, Justice, of Rutherford, Kinney, Laflin, Malone, McMillan, Moore, of Chowan, Morrill, Morris, Price, Reynolds, Sinclair, Simonds, Smith, of Alleghany, Seipes, Stilley, Sykes, Thompson, Vest, Waldrop, White, Wilkie, Williamson, Wilson, and Wiswall—43.

NAYS.—Messrs. Ashworth, Blair, Boddie, Carson, Ellis, Gibson, Hawkins, Hicks, Hodnett, Kelly, of Davie, Kelly, of Moore, Leary, Long, of Chatham, Long, of Richmond, Mendenhall, Nicholson, Painter, Robinson, Shaver, Siegrist, Smith, of Alleghany, Smith, of Wayne, Sweat, Vestal, and Williams, of Sampson—25.

The bill to authorize the construction of a Railroad through the counties of Nash or Wilson, Johnston, Harnett, Cumberland and Robeson. [Substitute for the act to amend the charter of the Western R. R. Co., and to build a branch of said Road to Selma, in Johnston county.]

Mr. Bowman argued against the bill.

Mr. Argo said he agreed with the gentleman from Mitchell (Bowman) in the views he has expressed. He thought that the appropriations proposed in what was called the Omnibus bill might be safely made, provided the money was honestly applied. He confessed that the recklessness indicated by the bills since introduced bespoke little regard for the credit of the State or the interest of the people. He was willing as a matter of good faith to vote for the bills which were included in the number of bills before the house, before the recess, and he would now take occasion to announce his intention to support very heartily to submit for approval, to the people, all appropriations heretofore made. It was intimated that this would be done when the appropriations heretofore made were before the House and the intimation had considerable influence in inducing many to vote for them. Rather than see additional appropriations made, he would prefer the House should pass a bill repealing all acts authorizing the issue of bonds heretofore enacted.

The bill failed to pass its 2d reading by the following ballot:

AYES.—Messrs. Armstrong, Barnett, Carey, Cherry, Crawford, Davis, Dixon, Forkner, Foster, Gilbert, Gunter, Harris, of Wake, Hayes, Hilliard, Hodgings, Justus, of Henderson, Justice, of Rutherford, Kinney, Malone, Mayo, McMillian, Moore, of Chowan, Morris, Price, Proctor, Renfrow, Robbins, Sinclair, Stilley, Sykes, Thompson, Vest, White, Wilkie, Williams, of Harnett, Williams, of Sampson, Williamson, Wilson, Wiswall—39.

NAYS—Messrs. Allison, Argo, Ashworth, Banner, Barnes, Blair, Boddie, Carson, Cawthorn, Ellis, Farrow, Gahagan, Gibson, Hawkins, Hendricks, Hodgin, Hodnett, Hoffman, Horney, Humphries, Jarvis, Kelly, of Davie, Kelly, of Moore, Laflin, Leary, Long, of Chatham, Long, of Richmond, Matheson, Mendenhall, Moore, of Alamance, Nicholson, Painter, Parker, Robinson, Seymour, Shaver, Siegrist, Smith, of Alleghany, Smith, of Wayne, Sweat, Vestal, Waldrop, Welch—43.

The bill to incorporate the Charlotte and Greensboro Railroad Company was taken up and on motion of Mr. Justice of Rutherford was indefinitely postponed.

The bill to incorporate the Atlantic and Fayetteville Railroad Company was taken up and on motion of Mr. Allison indefinitely postponed by a vote of yeas 51, nays 29.

SPECIAL ORDER.

The bill to submit all the new Railroad appropriations, made at this session of the Assembly, to a vote of the people.

The question recurred upon Mr. Estes' motion to suspend the rules in order to lay the motion to reconsider the vote by which the bill passed its second reading, on the table.

After considerable debate the motion to suspend the rules prevailed, and the motion to reconsider, was on motion of Mr. Estes, laid on the table.

Mr. Stilley moved to postpone the further consideration of the bill until to-morrow after oon at 4 o'clock.

Mr. Cowman thought the passage of the bill would ruin the credit of the State in the commercial centres as the bill was not specific in its operations.

Mr. Estes did not think the passage of the bill would hurt the credit of the State. It was this suicidal and mad policy of voting enormous appropriations to any and every proposition without stopping to ascertain whether or not there was merit in it.—If the Legislature would be more careful and judicious in their appropriations there would be not the slightest danger of the passage of such a bill as this, hurting the credit of the State. He moved to refer the bill to a special Committee of three with instructions to report by 4 o'clock this afternoon.

Mr. Moore, of Chowan, hoped the motion would not prevail. He wished the bills authorizing the Roads from Edenton to Suffolk, and from Wilmington to Plymouth, to pass before this bill, in order that they might have their share of the benefit of this bill, in case it should be adopted. He asked the postponement of this bill until to-morrow afternoon as a matter of justice.

Mr. Gilbert said all these motions to postpone, if adopted, would have a tendency to defeat the bill. He, therefore, called the previous question.

The call was sustained.

Mr. Downing moved to adjourn.

Upon that motion the yeas and nays being called the House refused to adjourn by a vote of yeas 5, nays 69.

The question recurred upon Mr. Estes' motion to refer to a special Committee of three with instruction to report this afternoon at 4 o'clock, which was adopted.

The motion as amended was then adopted.

The Chair announced Messrs. Gilbert, Estes and Stilley, as the special Committee.

Adjourned.

For the Sentinel.

PENITENTIARY LOCATION—MASS MEETING AT RALEIGH.

At a meeting of the citizens of Raleigh, held at the Court House on Saturday evening, April 3d, 1869, to devise means to locate the Penitentiary at Raleigh.

On motion J. D. Royster, Esq., was called to the chair, and R. W. Best was appointed Secretary.

The chairman called on Maj. R. S. Tucker to explain the object of the meeting, which he proceeded to do in a chaste and forcible manner.

Messrs. Willie D. Jones and W. H. Malone and R. H. Battle, Jr. Esq., were called on and addressed the meeting, adducing strong arguments in favor of locating the Penitentiary at Raleigh.

Maj. R. S. Tucker offered the following resolutions, which were unanimously adopted:

WHEREAS, We believe it will be greatly to the interest of the State that the Penitentiary should be located at the Capital of the State, and *Whereas* we do not believe that the State requires at our hands any sum or sums of money to be raised by us simply to have the Penitentiary located here; therefore,

Resolved, That we, the citizens of Raleigh do hereby express our hearty approval of the proposition to locate the Penitentiary at the seat of government.

Resolved, further, That we, the citizens of Raleigh, respectfully ask the Legislature now in session to locate the Penitentiary with the other public buildings, as all other States have done, at the Capital of the State. But as propositions have been made by other towns in the State tendering land and money to the State for the purpose of inducing the Legislature to locate the Penitentiary at said towns, be it resolved, that we, the citizens of Raleigh and Wake County, do tender to the State 10 acres of land eligibly situated in the vicinity of the Capital, and $10,000 in money toward the erection of the Penitentiary.

On motion of Wesley Whitaker, a committee of seven were appointed to memorialize the Legislature on the subject of the location and its advantages.

The chairman appointed the following gentlemen on said committee, viz: Wesley Whitaker, J. P. Adams, R. S. Tucker, J. P. Andrews, R. H. Battle, Jr., Handy Lockhart and Richards Kingsland, Esqrs.

On motion of Maj. Tucker, the Secretary was requested to furnish a copy of the proceedings to the city papers with the request that they publish the same.

On motion the meeting adjourned.

A Scotch preacher being sent to officiate one Sunday at a country parish, was accommodated at night in the manse, in a very diminutive closet, instead of the usual best bed room! he said, starting back in amazement: "Deed, ay, sir, this is the prophet's chamber. "It maun be for the minor prophets, then," was the reply.

LIFE INSURANCE.

ALL CASH PLAN OF THE

ÆTNA

LIFE INSURANCE COMPANY, OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA

Has $136 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

March 17-tf

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7,161,304 11
Income from Interest,	1,584,905 48
Total Income for the year,	8,746,209 59
Losses paid,	1,221,335 00
Dividends paid,	928,284 00
Total Losses paid to date,	8,088,883 00
Total Dividends paid to date,	2,197,2 8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the part-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it makes all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets securely invested, for every $100 of its Liabilities.

THE SENTINEL.

LOCAL DEPARTMENT.

MONDAY, APRIL 5, 1869.

ORDINATION.—Prof. W. B. Royall of Wake Forest College, was ordained an Elder in the Baptist Church, on Sunday the 4th. inst., by a Presbytery that met in the College Chapel.

CITY POSTMASTER.—It is reported, that a telegram was sent to Washington on Saturday last to President Grant, that his new appointee, Calvin J. Rogers, as Post master for Raleigh, was not the man for the place. We give the rumor without vouching for its correctness. †

IMPORTANT SALE OF REAL ESTATE.—The public would do well to remember that that splendid city property, belonging to the estate of John Kane, deceased, will be sold to-morrow (the 6th) on the premises, the sale commencing at 11 o'clock, A. M. See advertisement in another column.

THE Presbytery of Orange will meet in this City some time during the present week. It was announced yesterday at the Baptist Church, that on next Sunday some of the ministers of the Presbytery would occupy that pulpit. †

IF Captain Hester should continue to ride his velocipede about the Capitol grounds the Legislature will never adjourn. The other day he was riding in the walks when all the hands rushed out to see the new invention. We believe one branch actually adjourned to see the "sight." †

COMMENDABLE.—We cannot refrain from noticing with what zeal and energy the enterprising officers of the NORTH CAROLINA LAND COMPANY of this City are going ahead in trying to build up our City and State. The Hon. Rev. Mr. Welker asserted on the floor of the Senate on last Wednesday, (while the location of the Penitentiary was under discussion) that "there was no evidence of energy in Raleigh—she would not rebuild her works &c." On Friday the officers of the above named Company immediately authorized Willie D. Jones, Senator for this District, to tender to the Legislature ten acres of land on an eligible site, immediately adjoining the City, and within 100 yards of the State Quarry, and not only did they make this tender of a site, but on Saturday they put a subscription in circulation for the purpose of ascertaining how much money could be raised, heading the same with $500, and by reference to the proceedings of a meeting of the citizens of Raleigh in another column it will be seen that $10,000 was pledged in addition to the ten acres of land. We think the spirit manifested by the Company very commendable, and we wish them abundant success in their business.

We desire, also, to ask the Hon. Senator from Guilford where he gets the information that there is *"no energy in Raleigh;"* he certainly ought to get another pair of spectacles. If he will take a walk on Fayetteville Street, and look at the magnificent store and hall built by the Messrs. Tucker, the fine clothing store of R. B. Andrews & Co., and then, on a little further down, on what is known as the Market Square, which was completely destroyed by fire in 1865, he will see that the whole square, with the exception of one lot, has been rebuilt, and all too with good substantial brick buildings, and also the brick stores on Wilmington Street, and several private residences, and the old Guion Hotel, all built since the war. Where is any other town in the State that has done more under the circumstances? Echo answers—where.

THE PENITENTIARY.

The Legislature has finally located the Penitentiary in this city. It is understood, that it will be built in the eastern part of the city, near the old quarry from which were taken the stones that were used in the erection of our superb capitol.

BRIEF NEWS NOTES.

An amusing result of the passport system is reported from Paris. A certain Mayor had to make out a passport for a certain Duchess. The Duchess was wealthy; the Mayor was in her service. The Duchess was something of a coquette; the Mayor was anxious to gratify her humor. But the Duchess was one eyed, and the Mayor had a difficulty in making out the passport. How was he to describe her eyes? He entered them in the schedule as follows: "Eyes—Dark, beautiful, soft, full of expression—*one of them being absent.*" This is surely the triumph of courtesy, and worthy of the nation that plumes itself on its politeness.

THE RELIGIOUS FAITH OF THE CABINET.—The editor of the Dubuque *Times*, in response to the query of a lady who wished to know the religious faith of the members of Grant's cabinet, says: "Attorney General Hoar is a Unitarian, Secretary of the Interior Cox is a Swedenborgian, Secretary of the Navy Borie is a Catholic, ex Secretary of State Washburne is a Universalist, Secretary of State Fish is Dutch Reformer, and Postmaster General Creswell eschews churches altogether. The religious faith of Boutwell and Rawlins is not yet known to fame. Grant's family are Methodists, and that is the church which he usually attends. From the above, it will be seen that it would have been difficult to have obtained a greater variety of religious creeds in the cabinet."

A distinguished statesman, lately recalled to life after an absence of twelve years, said to me, not long since: "Those southern fellows were very unreasonable and troublesome, but they would not steal."

The Government now is run on stealings, and fraud rots its foundations.

The southern soldiers marched without pay, and fought with poor food, and slept without tents, and sometimes without blankets.

Every soldier of the Federal Goverment cost us a million, through the frauds of contractors and the stealings of officials.—*Don Piatt.*

The annual contest for the championship between Oxford and Cambridge Universities, with eight-oared boats, has resulted in a victory for Oxford by four lengths. The distance raced was about five miles—from Putney, down the river Thames, and was rowed in twenty minutes and six and a-half seconds.

THE NEW ECLECTIC.—Owing to the want of time, we find it impossible to do justice to this claimant upon Southern patronage. We do not like to criticize what we have not read carefully, and we must content ourself with one remark. Why is it that we cannot have an "Eclectic" equal to those published prior to the war? We have read the New York *Eclectic* for three years since General Lee surrendered, and we are constrained to say, that we would not give one number of the same publication ten years ago, for an entire volume of the present issue. There is a demand for first-class thinking and writing; but unfortunately for the more intellectual and cultivated class of readers, all the editors and publishers of original monthlies, and of weekly or monthly eclectics, in their anxiety to popularize their publications, are oblivious to a great extent of the actual wants of the best class of readers. It is quite remarkable that *all*—and their name is legion—should strive to please the million, and that not one should cater for the educated few.—There is a field still open for some independent and adventurous publisher to enter. Let some one publish in a high style of art an eclectic that shall contain the cream of Blackwood, Westminister, Edinboro', British Quarterly, North British, Dublin University and one or two others, and an occasional article from the lighter and more superficial monthlies, London Society, Titan, Macmillan, &c., and we believe he will succeed. There are minds all over our land that crave healthy, nutritious diet, rather than the whipped syllabub and sugar-cake literature of the hundred and one monthly and weekly publications of the day.

The *New Electic* is *not* first-rate. It is scarcely equal to the New York *Eclectic*, and is far below the standard of highest excellence. We do not suppose it will be advantaged much by being blended with the *Land We Love*, a publication that won favor not so much from actual merit as from its high patriotism and loyalty to the dead. We hope the publication will succeed. It can be and ought to be made far better than it is. It is very handsomely printed at $4 a year and is published in Baltimore. A long familiarity with English periodical literature and a *not* very intimate acquaintance with the contents of the *New Eclectic*, has induced us to write what we have. †

STATE NEWS.

There has been a masquerade ball in Newbern. What next?

We learn that Gov. Holden has appointed five Magistrates for Stump Sound township, in Onslow county, and strange to say *four* of the number are Conservatives.—*Wil. Star.*

Gen. Rutherford will probably be the Marshall for the district of North Carolina. The appointment will be made within the next ten days.—*Star.*

Sykes, who was taken from the Jones county jail some ten days since, has turned up at Kinston. He says he was being put in position to be shot by the party who took him out of jail, when he "sprang and run, only as a man will run for his life," and is now safe and sound in the bosom of his friends. So says the Newbern *Times.*

Seeing Maj. W. A. Hearne in the city reminds us of the time when a gentleman from Wilmington, being offended at something published in the *Carolinian*, when Maj. Hearn was its editor, went to Wilson to horsewhip him.

Arriving in town, he inquired who the Major was. A gentleman pointed him out, whereupon Wilmington gentlemen left for home on the first train. Reason: Major stands six feet in his stockings, and weighs about 200 pounds.—*Newbern Times.*

At Iredell Superior Court, last week, Judge Mitchell discharged the stay law *in toto*, holding it to be unconstitutional.

A queer case. Two men claim the same horse. Mr. Spiers, of Halifax, and Mr. Farrar, of Edgecombe. Certain gentlemen will swear that Spiers has had the horse in his possession since last April, and was previously owned by other parties for six months or more. Mr. Farrar is equally confident that the horse is his, and proposes several tests. The Tarboro *Southerner* gives them as follows:

"1st. The poney is at present branded with the mark of a horse shoe. Mr. Farrar offers this proposal—shave off this brand, and if the letters "E. D" do not appear under it, he is willing to relinquish his claim and pay all cost in the case.

2nd. Place the pony at Legsboro, one mile from the house of Mr. Farrar, where four roads intersect, and if he does not go *direct*, to his (Farrar's) gate, *then* he will give up his claim and pay the cost also.

3rd. Mr. Farrar offers to bet Mr. Spiers the sum of $1,000 that the letters "E. D." will be found under the present brands, if shaven off, and will give him (Spiers) $500 to take the bet."

The case is curious and both gentlemen are confident. The difficulty no doubt arrises in the resemblance of two ponies. A law suit is thought to be imminent.

WESTERN RAILROAD.—At a meeting of the stockholders of this Company, held in Fayetteville, on Thursday, the 1st instant, Hon. Thos. C. Fuller, presiding, Messrs. D. J. Underwood and J. W. Hopkins were elected Directors on behalf of the stock holders. The Directors for the State are A. J. Jones, of Columbus, W. B Richardson, of Moore, Joel Ashworth, of Randolph, J. H. Davis, of Montgomery, T. A. Byrnes, of Cumberland, Jos. S. Harrington, of Harnett, Jno. A. McDonald, of Chatham.

The State Proxy was Geo. A. Graham, of Montgomery.

The Directors, at a meeting held subsequently, elected the following officers: A. J. Jones, of Columbus, President; A. J. Thornton, of Cumberland, Secretary, and J. H. Davis, of Montgomery, Treasurer.

The old officers were requested to continue in the discharge of their duties until the next meeting of the Directors, to be held on the 9th of May.

A survey from the present terminus of the road to Salisbury was ordered, and that a report of the same be made to the next meeting of the stockholders, to be held on the 5th of May, at which time the route will probably be located.—*Wil. Journal.*

A colored Mass Meeting was held in the City Hall last night. Its object was to urge the right of colored men to office.—The attendance was large and the feeling apparently earnest. Prominent among the speakers (all colored) were Geo. M. Arnold and Duncan Holmes. Office-holders were severely censured, and some hard blows aimed at these gentry. An unequal division of the spoils seems to have excited the ire of their colored constituents and greatly exasperated them.—*Wil. Journal.*

RUFFIN BADGER INSTITUTE—CHATHAM COUNTY.

Mr Editor:—A number of gentlemen in Chatham county, determined last fall to establish a school of high grade for the education of the youth of this favored (?) land. The school opened in January last, under the care of that experienced educator, Rev. Brantley York, and is succeeding finely.—The determination of the Trustees, is to furnish the school with Apparatus, Libraries, Cabinet, &c., and some progress has been made, and a visit might satisfy you that in the "regions lying around Chatham," *mens invicta manet.* Among other things contemplated by the Trustees, was a course of Public Lectures, and in carrying out that design, on Friday night 5th inst., a lecture was delivered by Mr. Denson, of the Pittsboro Scientific Academy. His subject was "Spain," and illustrated by a mammoth map, chronological scroll, &c., the work of his own hands. It is almost impossible to conceive how much the talented lecturer condensed into a short lecture of less than two hours, which was listened to with intense interest. His description of the manner in which the Moors governed Spain after they had conquered it, was elaborate and minute, and none could fail to perceive the great contrast between the government of the Moorish conqueror several hundred years ago, and that of the recent conquest of this State. *The Moors executed the laws of the Spaniards through their own tribunals;* how laws were executed here by the conqueror, need not, at this early day, be mentioned as it is fresh in the minds of all; although it was one of the most instructive and interesting lectures it has ever been my fortune to hear.

On Saturday, 7th, Mr. Denson delivered a public Address before the Board of Trustees on "Education and the best methods of Education." I would do the speaker injustice were I to attempt to give even an outline of the Address. And when I say that the subject was admirably handled, and in a most interesting way, I but repeat the unanimous judgment of all who heard it. The Board of Trustees intend publishing the addresses in order, that all may have an opportunity of being benefitted by the wholesome views advanced by the speaker.

On Saturday night Mr. Denson gave a second Lecture, his subject being the "Solar System." The Lecture was illustrated by a profusion of maps, a magnetic Globe, and Planetarium. The Lecture evinced the profound learning of the Lecturer, and, notwithstanding the intense cold, was listened to by a large audience, with very great interest. Mr. Denson's elocution is almost faultless, his diction pure, and style graceful. Altogether, he is decidedly one of the finest popular Lecturers it has ever been my fortune to hear. There is nothing theatrical in his manner, as is so common with Lecturers, and he is always able to retain the attention of his audience without resorting to those means generally used by Lecturers.

I omitted to mention, that after the conclusion of the Lecture on the "Solar System," twelve views of the same, representing clearly to the eye the motions of the heavenly bodies, were put upon the canvas by the Stereopticon, and so perfect has the instrument been made, that, at one single view you see every planet moving in its orbit, with all the attendant satellites moving in their orbits also.

Through the generosity of Mr. Denson the entire proceeds of the Lectures on Friday night and Saturday night, were applied to the increase of the Library, a generosity which *we can well appreciate*, when our small school bell is drowned by the *"Big Bell"* at the University only eight miles off.

At the conclusion of Mr. Denson's Lecture on Saturday night, the following resolutions were unanimously adopted:

WHEREAS, It is fit and proper that a people should do honor to those, who do honor to them; and recognize with unfeigned sincerity the gallantry, chivalry and devotion of one to what he conceived to be his country in the trying times of war, and since, has devoted himself without stint to the improvement and education of a people enjoying the peace of poverty, conquest and subjugation, and has exemplified the fact, that amid all the devastation and desolation around us, the mind still remains unconquered.

Resolved, that the self sacrificing efforts of Prof. C. B. Denson, so eloquent, learned, and instructive, have bankrupted our gratitude, and it is left us only to tender him our sincerest thanks therefor, and our ardent wishes for his future health and success, wherever his lot may be cast.

AUDI.

For the Sentinel,
March, 1869.

Editor of Sentinel:—The people in the East wish to know if the Legislature has quit work, or are the hands only waiting the return of David from Wall street with his carpet bag full of G. B's? We see one of the Senate hands has left his seat at $7 per day, and is *now* trying his luck at fishing for shad and herrings in the Chowan river. Why don't *that* hand *resign* his seat and let another hand take his place?—What becomes of the interests of Bertie and Hertford counties while he is fishing? If the Legislature continues to live in Raleigh, will the hands who fish draw $7 per day from the State during the fishing season? We have heard of the tax bill recently made by Gov. Holden and his hands, and we begin to fear that our last dollar will have to go in the hands of the tax collector. The people in this part of the State are anxious to hear that the hands have left Raleigh, and gone to the corn fields where honesty thrives best.

AN HUMBLE VOTER.

THE "LOIL" MILITIA OUT IN NORTH CAROLINA.

Governor Holden has begun to play Brownlow. Following that political Paganini, he plays us a tune on one string, and the gubernatorial catgut resounds to the music of "Rebel outrages." The "loil" militia have been ordered out, and the historic county of Alamance, in a time of profound peace, has been desecrated by the tread of armed men, whose standard bears the blazon of a carpet-bag rampant. This, in the face of Grant's declaration, is an outrage, which, we trust, will not go unrebuked by the powers that be.—*Norfolk Virginian.*

CHARLES' LONDON CORDIAL GIN, or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high-tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others being made of the best stock after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Rale Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,005,550.00
Total Premiums,	350,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 880

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	346
" Phœnix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	377

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	1,260 "
And in its 20th year,	2,842 "

this latter being 680 *less* than was issued by the NATIONAL in its first seven months.

LIFE INSURANCE.

The Most Vigorous and the ... eral Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK, President.
ABRAM D. POLHEMUS, Vice President.
WILLIAM M. COLE, Secretary.
D. P. FACKLER, Consulting Actuary.
DANIEL AYRES, M. D. LL.D., Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid. This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

Sentinel.

PUBLISHED AT THE
CAPITAL OF THE STATE.
Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, as any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHERS, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.
